Basic care  
for young skin

## Line »N«

The products offered in this economical range are suitable for young, uncomplicated skin types and for newcomers to skin care with active ingredients.

They contain gentle, natural, biological ingredients from diverse origin that consider individual skin tendencies. Altogether the mild, well-balanced product formulas safeguard skin elasticity, moisture content, microcirculation and vitality. Small faults are balanced and the skin's natural resistance is supported. Mild, fresh fragrances make daily application a pleasure.

**[CLEANSING GEL]** — Every skin type will appreciate this cooling cleansing gel with its pleasant fresh melon fragrance. Extract of lime blossom and liquorice, allantoin and panthenol make this product ideally suited to calming all skin types.

**[ORANGE LOTION]** — The fresh and invigorating fragrance of ripe oranges makes orange lotion a treat in itself. The plant extract complex with stimulating properties ideally supports facial cleansing, preparing the skin for subsequent care.

**[CREAM CAROTIN]** — Brittle, dry skin lacking in natural oils regains elasticity and softness with the help of this vitamin enriched care product. Carrot extract, vitamin B-complex, wheat germ and witch hazel extract are the core ingredients of this emulsion.

**[CREAM ALOE]** — The watery and oil-soluble extract of the aloe vera plant is deservedly acclaimed and provides this cream with its basis as a care product for the gentle protection of tender, sensitive skin.

**[CREAM MARINE]** — Slightly oily skin reacts well to this pure white, softly textured oil-reduced care cream with extract of ocean algae and sea salt. This product regulates the skin's oils and calms without leaving a greasy film, making it popular with men and women alike.

**[CREAM VITAGEL C/E]** — A fresh cream-gel with vitamins. As active radical scavengers vitamin C and vitamin E strengthen the defensive system of the skin and preserve a firm and youthful skin structure. The skin is protected from environmental factors and kept soft and smooth.

B

The first lines along with a reduction in the skin's elasticity and the tautness of the tissue, are a prompt to move on to more enriched and individual skin care. Particular attention must be paid to tailoring care to support the skin's vital functions, strengthening resistance and thereby safeguarding youthful radiance.

The »Bio-Classica« care range was developed precisely to focus on such needs.

## »Bio-Classica«

**[VELVETY CREAM CLEANSER]** — The cleansing process is the first, essential step to successful skin care. This creamy, soft, yet thorough cleansing milk frees the skin of make-up and dirt particles in the most careful way, thus maintaining its physiological balance. It leaves the skin soft, velvety and clean. [key ingredients: sea algae extract, urea, soothing-complex, silk proteins, sweet almond oil]

**[FRESH BLOSSOMY TENSUM]** — This blossom-fresh, mild face lotion, without alcohol, regulates the pH-value and leaves the skin fresh as the dew and prepared for assimilating the active substances of the following care products. [key ingredients: wild yam root-extract, NMF-factors, marine algae extract, allantoin, soothing-complex, silk proteins]

**[PURE BALANCE REFINER]** — Combination skin longs for freshness, moisture and balance. Skin-type specific active substances have a balancing as well as a soothing effect on the activity of the sebaceous glands and prevent impurities. Clear and flawless skin will be the result of regular use. [key ingredients: Q10, sunscreen, silk proteins, Sebumine®, vitamin E, olive-squalene, NMF-factors, phytoosterol, hyaluronic acid]

**[AQUASILK 24]** — AquaSilk 24 unites maximal moisture supply and biological active ingredients for healthy and radiant skin. The vitalizing formula with silk and hyaluronic acid balances metabolic deficits, counteracts skin aging processes and protects it from environmental influences. [key ingredients: DLS®, shea butter, NMF-factors, ginseng, hyaluronic acid, milk peptides, silk proteins, vitamin E, sunscreen]

**[GENTLE DAY CARE]** — For the day time, normal skin longs for intensive, moisturising care and the highest possible protective properties. Gentle Day Care accomplishes these demands in full measure. It actively supports the skin's protective systems, preserves skin elasticity and prevents the signs of aging. [key ingredients: aloe vera gel and oil, borage seed oil, olive-squalene, wheat germ extract, lotus blossom extract, Q10, sunscreen, vitamin A, C, E, NMF-factors, silk proteins, hyaluronic acid]

**[GENTLE NIGHT CARE]** — The night time is the time for relaxation and recovery. Gentle Night Care mobilizes the natural skin powers, helps to rebalance the burdens of the day and to regenerate essential skin functions. Valuable vitalising essences optimise night-time relaxation. The skin awakes smooth, rested and fit for a beautiful new day. [key ingredients: photo-aging repair complex, Q 10, vitamin-complex, B-group, phytohormones from irises, yeast extract, silk proteins, hyaluronic acid]

*Skin care with silk  
- natural & effective*

**[DAY CARE PLUS] extra rich** — The high share of natural oils and substances, which improve the lipid-barrier structure, prevent a feeling of tension and moisture loss. Wrinkles and unevenness are spontaneously smoothed. Day Care Plus supports the immune-system, acts moisture-binding, prevents photo-aging and optimises the skin's metabolism. From day to day, the skin becomes more resistant, smooth and beautiful. [key ingredients: calendula extract, immuno-modulator (Shii-take), sunscreen, silk proteins, biotin, hempseed oil, soybean extract, Q 10, sweet almond oil, NMF-factors, liposomes]

**[NIGHT CARE PLUS] extra rich** — This silky, rich night care is a balsam which spoils very dry and chapped skin. Night Care Plus allows dry skin to make the most of the nightly relaxation and regeneration time. Synergistic active substance combinations support the important repair processes and assist the skin in re-balancing the burdens of the day and reinforce it for the following day. The skin awakes relaxed, eased and visibly smoothed. [key ingredients: olive-squalene, bisabolol, bees wax, allantoin, NMF-factors, grape extract, phyto-hormones, lotus blossom extract, salmon caviar extract, hibiscus extract, vitamin-complex, hyaluronic acid, retard spheres loaded with vitamin C, vitamin A, hyaluronic acid]

**[DAY & NIGHT SPECIAL CREAM] 24h / very dry skin** — Especially strained and exceptionally dry skin longs for this valuable cosmetic. Dynamic vitalising essences, active protective substances, natural oils and silk proteins are integrated into this extraordinarily regenerating cream to achieve ultimate skin care success. [key ingredients: sea-algae extract, Q 10, milk peptides, ginseng extract, sunscreen, NMF-factors, silk proteins, yeast extract, olive squalene, vitamin E, hyaluronic acid, sweet almond oil, lactokine, wheat germ extract]

**[ANTI-WRINKLE HYDRO GEL]** — When setting a highlight in addition to the regular care products really matters, Anti-Wrinkle Hydro Gel is the obvious choice. A serum with a fascinating effect – no oil, no fat, only moisture and firmness. Anti-Wrinkle Hydro Gel is a supplementary product, which is applied underneath the skintype-appropriate cream. [key ingredients: liposomal hyaluronic acid, milkpeptides, multi-vitamin-complex, D-panthenol and Q 10, silk proteins]

**[HYDRA DAYSHIELD]** — The silky, extra low-fat texture of Hydra Dayshield SPF 30 combines high moisture supply with optimum sunscreen. Unwanted skin pigmentation caused by UVA and UVB rays is reliably prevented. Vitamin C and natural, vegetable tyrosinase-inhibitors unfold a depigmenting effect, without the common potential for irritation. A flawless, radiant complexion will be the prize of a regular use. [key ingredients: NMF-factors, UVA & UVB sunscreen, vitamin C, E, sphere-carrier-systems, hyaluronic acid, licorice root extract]

**[SILKY COLOUR DAY CREAM No.1/light; No.2/medium]** — Silky Colour Day Cream unites well-balanced care attributes with a soft, natural skin tone. Valuable biological ingredients spoil the skin all day long and offer a fresh complexion that is soft as silk. [key ingredients: NMF-factors, bisabolol, broad-spectrum sun screen, hyaluronic acid, silk proteins, olive-squalene, soothing complex, panthenol]

Functional skin disorder and an impaired immunity system require special care and attention in the method of treatment. Care must focus on regenerating and fortifying the skin's protective barriers, reducing skin disorder and supporting its balancing processes.

The sensi-bel range ensures particularly gentle, meaningful skin therapy for challenging skin types. It is a source of well being for very sensitive skin with disturbed lipid barrier function and eczema as well as for skin with a tendency toward couperosis and its later stage rosacea.

## »sensi-bel«

The »sensi-bel« *Delicate* product group is a source of comfort for hypersensitive skin that is prone to allergic reactions and eczema.

**[DELICATE CLEANSER]** — This naturally colored, soap-free gel ensures skin calming and protection even during the cleansing process. It provides the beneficial effects of panthenol and extract of liquorice root, oak bark, green tea and echinacea.

**[DELICATE TONIC]** — This mild tonic reduces skin irritations and makes the skin surface less susceptible to attack by irritants. Enriched with allantoin, natural moisturizers, extract of echinacea, aloe vera, witch hazel and oak bark, it is refreshing and stabilizing, calming and protecting while normalizing the skin's pH-value.

**[DELICATE DAY CARE /24]** — A mild DLS® moisturizing fluid for very sensitive and strained skin. It is free of perfume and colorants and suitable as a day care preparation as well as a light 24 hour care preparation. Highly pure and mostly skin- identical ingredients soothe and smooth the skin immediately. Substances like vitamin E, lecithin, sheabutter, squalene, allantoin and liquorice root extract support the skin's protective functions and counteract skin aging.

**[DELICATE NIGHT CARE /24]** — A rich, DLS® soothing care fluid for very sensitive and strained skin. It is free of perfume and colorants and suitable as a night care preparation as well as a 24 hour care preparation. Skin-identical ingredients support the skin in developing a natural protective barrier and reduce irritations and erythema. Active ingredients like vitamin E, ceramides, phytosterol, jojoba and evening primrose oil, bisabolol and liquorice root extract help the skin recreating a balanced state and counteract skin aging.

»Bel-Energen« is the top performance care line of DR.BELTER® COSMETIC. It offers anti-aging products and treatments for women who wish to have both: natural care with organic ingredients and highly effective, innovative actives.

Carefully selected high-tec components such as the biomimetic DLS, patented peptides, Antarcticine® and FreshCells™ are combined with proven herbal extracts to deliver visible care results. Four product groups offer their advanced benefits to the skin, each comprising a cream, a concentrate and a special treatment.

## »Bel-Energen«

**[ DAYDREAM ] cleansing foam** — The soft soap-free foam frees the skin effortlessly and gently from make-up and dirt particles. Even during the cleansing process the skin comes into contact with precious plant extracts, such as grape extract, phyto-peptides and organic witch hazel. The advanced formula considers the delicate protective barrier of demanding skin. The skin is left perfectly clean and refreshed.

**[ DAYDREAM ] tonic spray** — This soothing tonic refreshes the skin with a delicate moisturizing mist and caring phyto-actives from grapes, horsetail and yarrow. Used with a cosmetic tissue as a pH-balancing toner, it complements the cleansing process in the most pleasant way. Used as a hydration spray, it offers a feeling of freshness you will not want to go without again.

**[ PHYTO-SENSATION ] anti-aging cream** — This intensive replumping cream uses a special composition of isoflavones, hops and soy extract to counteract the loss of dermal substances in the deep layers of the skin. Further anti-aging factors such as time release spheres with vitamin C, an anti-irritation complex and Belisome® AP improve the moisture-binding capacity of the skin, while giving it the energy it needs to withstand environmental influences.

**[ PHYTO-SENSATION Elixir ]** — This elite replumping concentrate uses a special composition of isoflavones, hops and soy extract to counteract the loss of dermal substances in the deep layers of the skin. It helps the skin regain its tone and diminishes wrinkle formation. Day by day the face looks firmer and fresher. The ultralight emulsion can be used as daily care or as an addition underneath any day cream.

*Top Performance skin care*

**[ DERMO-RELAX ] ultima lift cream** — This multiactive cream uses a patented biotech peptide to develop a relaxing effect on the muscles of mimic expression. Used regularly, it progressively minimizes the depth of expression lines. Further anti-aging factors such as Matrixyl®, vitaminspheres ACE + A, ginseng, aloe and Q10 protect the skin and activate its vital metabolic functions. Dermo-Relax cream delivers a wonderfully pleasant feeling of lightness and freshness.

**[ DERMO-RELAX Serum ]** — This ultra light, moisturizing serum uses a patented biotech peptide composed of natural amino acids to develop a relaxing effect on the muscles of mimic expression. Used regularly underneath the daily cream, it progressively minimizes the depth of expression wrinkles. Hyaluronic acid, Belisome® AP and beta glucan keep the skin looking smoother and more even day by day.

**[ CAVIAR ARCTICA BALANCE ] multiactive repair cream** — In this rich formula caviar, an Antarctic protective complex, plankton and pearl extract offer their advanced benefits to the skin. The skin's most critical metabolic processes regain their balance, ensuring improved skin structure and enhanced natural function. Specific plankton and algae extracts optimally shield the skin against environmental damage and hyperpigmentations.

**[ CAVIAR ARCTICA BALANCE ] revitalizing serum** — In this moisturizing serum, marine actives, Antarctic protective complex, pearl extract and Belisome® AP offer their advanced benefits to the skin. Applied underneath the daily cream, the formula targets the revitalization of skin cell metabolism while offering maximum protection against environmental influences. See and feel the significant improvement in the skin's firm and fresh appearance.

**[ LUMINATION SECRET ] radiance performance cream** — This intensive whitening cream with SPF 30 is developed to control hyperpigmentation and uneven skin tone. The efficient formula with a plant derived brightening complex, nutgrass extract and Belisome® AP combines skin lightening and anti-aging properties. Additional UVA and UVB sun protection factors additionally protect the skin against the harmful effects of the sun. The result is a radiant and even complexion.

**[ LUMINATION SECRET ] radiance performance elixir** — This concentrate with SPF 15 is formulated to control hyperpigmentation and uneven skin tone. *Rich anti-aging care  
for demanding skin*

## »stimula«

With the »stimula« products mature, demanding and strained skin receives rich, highly effective anti-aging care.

Isoflavones, also known as phyto-hormones, counteract the hormone-determined signs of aging, such as tissue thinning, reduced skin elasticity dryness and wrinkles. The special composition of phyto-hormones from red clover, wild yam root, soy and hops has an estrogenic effect that stimulates the fibroblasts to produce collagen, elastin and other key components of the dermal intercellular matrix. The tissue regains density, firmness and tone.

Patented time release spheres loaded with retinol, vitamin C and hyaluronic acid develop their positive, hydrating and stimulating effects. Valuable plant oils form the rich basis into which further actives are incorporated: pomegranate extract, phyto stem-cells from grape and apple, grape extract, resveratrol, baicalin, vitamin E, Q10, phytosterols, folic acid, linolic acid and vitamin B9 and B6. The interplay of all ingredients protects from environmental damage and gives the skin the energy it needs to regain structure and radiance.

**[NOBLESS CLEANSING MILK]** — A gentle cleansing emulsion for dry and demanding skin. Mildness unites with thoroughness for a sensuous experience of freshness and purity. Even during this first step of luxurious cleansing, the skin comes into contact with valuable natural active agents, such as panthenol, phytohormones from Irises and allantoin.

**[NOBLESS CLEANSING OIL]** — This hydrophilic cleansing oil gently cleanses the skin without drying it out. Botanic extracts, embedded in precious plant oils develop their positive effects, leaving a feeling of freshness and purity. Does not contain preservatives.

**[NOBLESS FRESH TONIC]** — is the second, revitalizing stage of a perfect cleansing process. It gently removes any last traces of the cleanser, refreshes the complexion, and adjusts the skin's pH-value. This fine toner ensures optimal absorption and enhanced assimilation of the subsequent care products.

**[SUPERIOR DAY CARE]** — is luxurious DLS® care for demanding skin. It provides the skin with ample moisture, active agents which stimulate cell renewal, and protection from environmentally induced skin aging. Traces of tiredness are instantly relieved and the skin glows youthfully firm and fresh throughout the day. Superior Day Care conveys a great feeling of lightness.

**[SUPERIOR NIGHT CARE]** — is a DLS® replenishing cream for demanding skin. It stimulates the regenerative, endogenous collagen formation and actively counteracts the negative effects of environmentally induced, premature skin aging. Night time repair processes are supported and optimised. The skin awakes rested, firm and fresh.

**[BIO-RESOURCE 24]** — is an especially rich 24-hour cream. The high content of valuable natural oils makes this preparation a spring of wellbeing for strained, mature and dry skin. Deficits that are caused by metabolism slackening lead to thinning, loss of lipids and wrinkles. Cream Bio-Resource 24, restores the skin's balance through the specific supply of active agents. The result is a skin feeling one doesn't want to miss anymore.

**[RICH CARE BALM]** — is an exceedingly rich emulsion fluid of creamy consistency and elegant scent. The high content of exquisite, natural oils prevents dryness and wrinkle formation. Valuable anti-aging agents stimulate collagen formation and lead to firmer youthful skin structure. Rich Care Balm effectively protects the skin from environmentally induced skin aging.

**[PHYTOCELL 24]** — is an advanced moisturizer with precious vegetal oils, bioactive plant extracts and vinotherapy actives, such as grape extract, phyto stem-cells from grapes and resveratrol. The formula stimulates the self-renewal potential of the skin and gives best possible protection from UV-induced skin aging. Its smoothing cashmere texture with light-reflecting pigments leaves the skin with a velvety, radiant finish.

## »ocula«

Eyes can tell tales. Tales of our soul and mental state. Sometimes tales of sleepless nights, worry and fatigue.

Due to its fragile anatomy and constant facial expressions the eye area is particularly in need of timely, specific and gentle care.

Line »ocula« achieves a successful balance of natural, skin identical especially compatible ingredients and effective, highly innovative yet non-irritant actives. The »ocula« products have a wonderfully relaxing and calming effect on the eyes, reducing dryness, wrinkles and puffiness while preventing premature tissue exhaustion. The »ocula« care line is suitable for any age - prevention is better than cure.

**Our special tip for the beauty of your eyes:** sunglasses are an essential you should never be without!

**[EYE MAKE-UP REMOVER LOTION]** — This oil-free, fresh liquid lotion removes eye make-up instantly and thoroughly. Its gentle, calming formula with allantoin is particularly appreciated by sensitive skin and contact lens wearers.

**[MAKE-UP REMOVER - EYES & LIPS DUO]** — This product fuses the natural cleansing force of water and oil into one product. It dissolves waterproof mascara thoroughly and gently. The two phase formula removes even heavy make-up and dark colour lipsticks effortlessly. Soothing extracts prevent irritation.

**[BIOMIMETIC EYE CREAM]** — This moisturizing eye cream is made of highly pure, mostly skin-identical ingredients. The biomimetic formula on DLS® basis is free of perfume and colorants and offers the sensitive eye surrounding soothing extracts, such as euphrasia, protection and comfort. Biolipids regenerate the natural lipid barrier while preventing wrinkle formation. The special peptide complex Haloxyl®, tightens the tissue and capillary network while counteracting dark eye circles. The eye area looks firm, fresh and rested.

**[NUTRITIV EYE BALM]** — A regenerating, water-free eye treatment to prevent dryness in the sensitive eye area during the night. The natural oil components from jojoba, wheat germ, calendula, argan kernel, pomegranate seed and carrot ensure silky smooth skin and prevent wrinkles. In addition to that this balm has also been successful in the treatment of eczema.

**[MULTIACTIVE EYE CONTOUR SERUM]** — This hydrating gel formula instantly reduces signs of fatigue. Plant extracts of euphrasia and aloe vera, natural moisture boosters and the peptide actives Lumin-Eye-Complex® and Eyeseryl® develop a strong anti-wrinkle effect while diminishing puffiness and dark circles. The unique LC-microvesicle technology promotes suppleness and comfort. The eye area looks and feels firm and refreshed. This product is an ideal primer for a long-lasting eye-make-up.

**[MULTIACTIVE EYE CONTOUR COLLAGEN-PAD MASK]** — This efficient set combines the active care substances of the DR. BELTER® Multiactive Eye Contour Serum and the moisture time release effect of collagen fleece pads. The result is an advanced soft lifting treatment for the eye-surrounding. The highly pure collagen fleece pads are placed on the skin of the eye surrounding and are saturated with the serum. Then they are adjusted to form a second skin layer. In the following 10 minutes the mask releases its beneficial ingredients to the tissue. The skin of the eye area regains freshness and firm contour.

## *Line »A«*

Many young people and adults suffer from very seborrheic skin with a tendency to the development of acne.

Line »A« offers special and very effective products to ensure gentle, effective treatment of this complex skin type. The formulas are designed to counteract excess sebum production, excessively oily skin, development of blemishes, strong growth of acne bacteria and the resulting fatty acids, leading to inflammation of the sebaceous glands.

**[CLEANSING GEL]** — This lime green cleansing gel, with its fresh lemon fragrance, is mild and calming, gentle and disinfectant. A pleasant refreshment for combination skin and oily skin with a tendency toward acne.

**[LOTION]** — The cooling, calming lotion actively supports the cleansing of problem skin, resulting in a visibly clearer complexion. This skin type often shows alkaline pH values (pH 8-9). This can be regulated by this lotion to a normal healthy skin level (pH 5,5) thus fortifying the skin's natural acid protection and buffer system.

**[CREAM]** — A wonderfully moisturizing care cream, suitable for day and night application. It is slightly astringent, calms irritated and reddened skin, reddens papules and pustules, regulates sebaceous gland production and has a matte effect on the skin.

**[MAKE UP No.0, No.1, No.2]** — A special creamy make-up that offers excellent cover in three colour shades. This make-up supports the normalisation process for skin with a tendency to impurity, excess grease and acne, while disinfecting and regulating the skin functions.

**[MASK]** — The Line »A« mineral-based Mask actively supports the accelerated normalisation of skin with impurities, papules, pustules and reddened areas. In its specific formula, sulphur, zinc oxide, bisabolol, allantoin and chlorhexidin develop their beneficial effects. The production of excess sebum, increased acne bacteria accumulation and inflammation is significantly reduced. This product can also be applied to individual acne pustules.

**[CLARITY CONCENTRATE]** — A powerful 2-phase fluid against pustules and impurities. The CDT-Complex is a cyclic molecule which releases fresh Tea tree oil on the skin and simultaneously absorbs excess skin sebum. Inflammatory processes are consequently dried up, disinfected and soothed immediately. An accelerated purification of the treated skin zone is the result.

**[CLARITY DUO]** — an effective treatment for clearing and covering dermal impurities. It offers the possibility to treat skin with sporadic blemishes and otherwise undisturbed skin profile without great expenditure. Inflammatory processes are dried up, disinfected and soothed immediately.

The DR.BELTER® Line »A« product Clarity Concentrate was nominated for best problem skin product in the BEAUTY FORUM Reader's Choice Award. BEAUTY FORUM is Germany's leading magazine for cosmetic professionals.

The use of ampoules is one of the highlights in cosmetic care. The diversity of the ampoule range from DR.BELTER® is characterised by the unique purity and effectiveness of the high-dosage and primarily natural ingredients. Ampoules can visibly, quickly and successfully redress individual skin problems. From the first to the last drop you will be convinced by these precious ampoules. Short applications over a long period of time have proved to be extremely successful.

## »intensa« Ampoules

**[No. 1 GINKGO BILOBA]** — For thousands of years, the ginkgo biloba tree has been an acclaimed source of fortifying and stabilising extracts for medicinal and cosmetic purposes. Added to the wealth of other natural plant extracts in this ampoule, the ginkgo biloba concentrate has a soothing, firming, antioxidative and calming effect.

**[No. 2 HY-O-SILK]** — The combination of skin-identical moisture retaining factors, exceptionally calming plant extracts and a transparent silk protection film make this fresh formula a spring of wellbeing for strained skin lacking moisture. Innovative microsphere carriers with vitamin A, C and E offer the regenerative energy for healthy and beautiful skin.

**[No. 3 VITAMIN GINSENG]** — All skin functions are activated, encouraging circulation. Natural oils enriched with vitamins ensure instantly silky soft skin.

**[No. 4 ALGAE EXTRACT]** — Algae and sea extracts contain a multitude of highly effective substances. This rich spectrum is captured in ampoule fluid to ensure maximum benefit to the skin.

**[No. 5 REGENERATION-CONCENTRATE]** — Mature, demanding skin must be repeatedly prompted to revitalise and regenerate. This special combination of high quality biological ingredients meets this need optimally in the form of a two-phase serum. Fragrance free.

**[No. 6 ANTI-IRRITATION]** — The wonderfully calming effect is due to the oil-rich extract of rose of Sharon, aloe vera, camomile and carrot. The pure oil-rich ampoule soothes irritation and calms reddened, nervous skin. Fragrance free.

**[No. 7 ALOE VERA CONCENTRATE]** — The calming, protective and balanced properties of „lily of the dessert“ extract are captured in this product to pamper and benefit particularly tender, sensitive or damaged skin. Fragrance free.

**[No. 8 VinoTherapy-OPC]** — Vitality and luxury for the skin. Grape-Extract, OPC and red vine leaf extract are the exquisite actives of this concentrate. Together, they develop a variety of positive effects. Optimal cellular protection in the connective tissue, enhanced blood circulation in the capillary vessels and improved nutrient supply counteract skin aging. The skin gains firmness, moisture and beauty.

*Purity & Activity*

*Intensive care  
you see and feel*

**[No. 9 ADSTRINGENT]** — Damaged capillaries and oily skin with large pores benefit particularly from treatment with this special ampoule, containing plant tannin extract. Fragrance free.

**[No. 11 CAVIAR-OLIGOMER]** — This unusual ampoule contains caviar extract - a source of all biological substances needed for life – with mucopolysaccharides, algae extracts and an oyster shell extract combined as a „life elixir“ for the skin. A powerful boost for your skin.

**[No. 12 ANTI-STRESS]** — The physical and psychological stress of everyday life coupled with environmental influences lead increasingly to unpleasant skin irritation and disturbance. The skin is the largest human sensory organ and must be strengthened and protected against these attacks. This ampoule serum encompasses special plant complexes and key milk properties as a powerful shield, on guard to protect you.

**[No. 13 LIFTING-ESSENCE]** — A special meeting is just around the corner – a special event - and you want to look fresh and youthful? This ampoule is the perfect choice. You will be amazed and delighted at the instant results. The long term effects of regular application will be a source of ongoing pleasure and surprise for you.

**[No. 14 PHYSIO-ENERGY]** — Energy is the engine that »runs« your body and skin. Free and unhindered development is supported by this special formula of mucopolysaccharides, vitamin C and E, beta-glucan and lactokines contained in this ampoule emulsion.

**[No. 15 PHYTOCELL-GRENADINE]** — This concentrate uses unique plant actives to enhance the skin's vital potential and radiance. Pomegranate extracts develop their protective and regenerative properties. Phyto-stemcells from apples and grapes promote skin cell longevity. Fresh, complete carrot cells supply their molecular content, including pro vitamin A. See and feel your skin healthy and radiant.

**[No. 16 HYALURONIC FACTOR 5]** — In this quick-lift ampoule hyaluronic acid as an endogenous moisture-binding substance develops fivefold effects. Different length forms of the molecule are supplied to fill wrinkles and erase shadows in different epidermal depths, while a pre-stage and the plant extract *Alpinia Galanga* are used to stimulate the skin's own hyaluronic acid production. Take your time to work in the product using massaging motions.

**[SOFT PEELING]** — This vitalizing exfoliation gel removes dull, flaky skin cells and enhances blood circulation while refining the skin profile and revealing a fresh, smooth and even complexion. Soothing plant extracts, such as aloe vera and centella asiatica prevent irritation and promote a comfortable silkiness.

**[LIP BALSAM]** — This wonderful lip balsam ensures beautiful, soft lips at any time of the year. Cracked and dry lips are prevented long-term with jojoba oil, bees wax and oils identical to those produced by birds. A light protection filter protects against harmful rays. Also suitable for children.

**[THROAT AND DECOLLETE CREAM]** — An enriched special emulsion for intensive treatment of neck and décolleté. The unusual texture with skin-identical and natural ingredients such as shea butter, milk peptides and Kudzu root extract are used to regenerate the skin tissue, while firming the entire bust area.

**[MOISTURIZING GEL]** — A crystal clear gel, free of grease, suitable as a moisturiser for all skin types. Applied under the respective care cream it conveys moisture to the deeper layers of skin, improves and retains elasticity and cell turgor through the highly dosed natural moisture factor (NMF).

**[HAND CREAM]** — This pure white, gently fragranced emulsion leaves hands silky soft. It is economical to use, quickly absorbed and forms an invisible protective shield. The product should be applied once per week as a mask for dry and chapped hands - a thick layer is simply allowed to soak into the skin for about 10 minutes. »intensa« Hand Cream also contains an anti-tyrosinase ingredient to prevent skin hyper pigmentation.

**[BASE CREAM W/O]** — If skin responds to stimulating care products with light irritation, demonstrating incompatibility, but is nevertheless in need of special care, then »intensa« Base Cream is a welcome and extremely gentle care product for day and night care. Silky smooth with precious oils to protect and care for the skin. This product is specially composed without colour, fragrance and stimulating substances.

**[NAIL CARE OIL]** — Rich, yellow, semi-liquid fluid for care of nail and nail surrounding. 9 ml glass bottle with applicator brush. Prevents tearing of nail fringe, keeps nail surrounding supple and elastic, caring and soothing. Does not drip or flow away.

**[CUTICLE REMOVER]** — Cuticle softening and solving gel. 9 ml glass bottle with applicator brush. Solves cuticle and horny substance. Does not drip or flow away.

**[ULTIMA LIP CARE]** — This product unites properties of a natural balm, an organic gloss and an anti-aging lip treatment. The formula with jojoba wax, organic baobab oil, meadow foam oil, D-panthenol, Volulip® and astaxanthin anti-oxidant offers suppleness, repair, microcirculation and shine, providing 360° lip care.

## WELLNESS – BEAUTY – BALANCE

With today's accelerated lifestyle it has become even more important to interrupt the work pattern and the hectic fast pace and withdraw and take time for oneself. For these moments »samtea« body & balance offers sensual and effective care. DR.BELTER® COSMETIC draws from the whole variety of nature and uses domestic as well as exotic active ingredients to provide effective, holistic care concepts for spas and home care, e.g. marine active substances, silk powder, aromatherapy elements, fruit and botanic extracts, herbs, biotechnological ingredients...

The »samtea« body & balance body care line gives exceptional wellness simply because it is so seductive and pleasant that you will regularly take the time to devote to yourself and to your body.

## »samtea«

**[ORIENTAL PEELING GLOVE]** — This peeling glove is traditionally used in the Moroccan Hammam (thermal bath) for the deep cleansing rubbing down ritual after the steam bath. Also after bathing, while showering or in the sauna it reveals its effect. It frees the skin from any unevenness and stimulates the blood circulation. The skin's profile is tangibly refined and the absorption of subsequent care is improved. This application leaves a fascinating smoothness.

**[SEASALT & SUGAR SCRUB]** — This aromatic balmy body scrub, frees the skin from any unevenness and helps it to achieve a smooth fresh- looking complexion. The innovative formula with caring oils such as Avocado Oil or Sasanqua Oil does not dry the skin out and offers optimum spreading properties. It removes dull and dead skin cells, refines the skin's surface and improves the absorption of following care. Vitalising Lemon and Mango aroma essences make its usage a pleasurable body experience.

**[LOTUS SHOWER & BATH GEL]** — Every day we long for purity, freshness and relaxation. This blossomy gel composition with Lotus essence is a tender wake-up kiss for the skin. Especially in the ancient Egyptian culture the Lotus flower is a symbol and elixir of vitality. In this formula it combines with various herbal extracts to create a mildly reviving wellness cleanser.

**[LOTUS SHOWER & BATH OIL]** — The tenderest form of a cleansing ritual. This silky-soft oil cleanses your skin without drying it out. Added to a hand or foot bath it gives moments of rest and diminishes irritations. Refreshing aromas and extracts release their full caring potential, leaving a pleasant feeling of purity and relaxation.

**[BIO-SATIN BODY LOTION]** — A pleasantly silky emulsion. It balances the effects moisture loss in the skin and provides nourishing, vitalising elements. High quantities of caring components, such as sesame oil, marigold and konjac-mannane combine to pamper your skin. A touch of silk powder makes the skin look more radiant and even. Used regularly, Bio-Satin Body Lotion visibly improves your skin's texture. The result is silky smooth skin in which you simply feel good.

*body & balance*

Time for body & balance

**[VELVET VEIL CARE OIL]** — Enjoy moments of care and relaxation with this balmy soft body care oil. Selected exotic oils and phyto-extracts form the basis for an effective and sensual body experience. Applied on the damp skin after bath and shower, it spontaneously forms a pleasant emulsion that is fully absorbed by the skin. This hydrophilic multi-talent is also suitable as a caring bath water additive or massage oil. Dry and rough body skin is caressed by velvety smooth care.

**[CREAM DEODORANT]** — This mild emulsion with natural Farnesol and a sugar compound gives reliable protection and freshness for the whole day. Gentle, soft and safe, without alcohol and colorants.

**[THERMO-CONTOUR-COMPLEX]** — The product is intended for application in the case of cellulite and slack skin tissue. A variety of biological substances is applied to activate the skin tissue. Caffeine, algae oyster shell and sea mud extract, carnitine, plant extracts from mimosa tenuiflora, ginkgo biloba and ruscus aculeatus ensure increased circulation, which is vital for detoxification, lipo metabolism and refinement of the skin structure. The combination of these active substance culminates in the thermoactive phase of this application. Successful treatment of cellulite-affected or endangered areas can only be achieved with daily intensive application.

**[PERFECT-RECOVERY-BODY CREAM]** — Apart from genetic disposition the body's skin is especially subjected to various strains, such as:

- ▶ frequent weight loss and gain
- ▶ skin expansion during pregnancy
- ▶ lack of care
- ▶ hormonal load on the connective tissue (contraceptives)
- ▶ unbalanced nutrition

Perfect Recovery Body Cream purposefully counteracts the effects of those strains. The strengthening and intensive temporary treatment, restores the elasticity and firmness of particular body areas demanding extra care. The interaction of its precious ingredients result in restructuring of the treated areas. The result is visibly smooth, refined and firmed skin. The body obtains new vitality and tonus.

*Safe and effective sun care  
for sensitive skin*

## »SUN«

Having fun in the sun and enjoying the outdoors in the summertime, without skin irritation and paying the price of accelerated skin aging is the challenge for high grade cosmetic products. DR.BELTER® COSMETIC makes a clear statement: All intensive sun radiation represents extreme stress for the human skin and can lead to irreparable damage.

The new DR.BELTER® »sun« – care products have been developed on the basis of the latest scientific knowledge. The Sun Protection products for sensitive skin are free of mineral oil, colorants and fragrance. The dual protection system uses proven UVA & UVB filters and biological cell protection complexes to ensure safety and anti-aging properties. Sumptuous After Sun products soothe, rehydrate and offer the skin precious, natural actives which promote cellular repair and regeneration. The skin develops a healthy and even sun-kissed tan.

**[SUN PROTECTION] SPF 20 / medium protection**  
**[SUN PROTECTION] SPF 30 / high protection**  
**[SUN PROTECTION] SPF 50+ / very high protection**

The DR.BELTER® Sun Protection milks for face and body protect sensitive skin from sunburn and other harmful effects of the sun. The formulas use proven UVA & UVB protection ingredients, pigments as well as biological cell protection complexes.

The non-greasy fluid textures are free of mineral oil, PEG, emulsifiers, colorants and fragrance. Even while sunbathing, they provide moisture to the skin leaving it well-balanced and healthily tanned. Sun-induced skin aging and the formation of hyperpigmentation is effectively prevented.

**[AFTER SUN] Face Treatment** — This concentrate is a source of well-being for facial skin after sun exposure. It soothes, rehydrates and offers the skin natural actives, such as caviar, shepherd's purse and Dermolectine® cell renewal complex. The specific composition promotes cellular repair and regeneration while preventing photo-aging processes. The skin regains its balance and soft texture revealing a radiant sun-kissed tan.

**[AFTER SUN] Advanced Body Treatment** — This pleasantly cooling care emulsion instantly soothes and refreshes the skin after sun exposure. Ample moisture and a combination of selected natural ingredients, such as silk proteins, Defensil® anti-irritation complex, and vitamin E, promote cellular repair and regeneration.

If the influence of the sun light is to be shielded for medical purposes, SPF 50+ offers maximum effect and protection. Use SPF 50+ for children and for sensitive areas, like the face, shoulders, or décolleté.

Used properly and provided the following important rules are followed, the result will be a healthy, radiant tan. We recommend that you:

1. always protect your skin well, paying special attention to your face
2. be cautious in situations with strong radiation, e.g. mountains, seaside, on yachts, avoid midday sun
3. apply appropriate sun protection before sun exposure and maintain protection by applying the sun protection repeatedly, especially after swimming
4. protect children from direct radiation (high SPF, hats, shirts)
5. do not expose your skin to the sun with products containing active ingredients
6. top-up your fluid balance by drinking sufficiently
7. remove Sun Protection preparations after sunbathing
8. use After Sun preparations
